Dear Sirs; I really would have liked to have been too
some of your meetings.

I am a first Generation from British Stock.

Not an Idiot of education; but education seems
only to find ways to get money legally;
'especially in Politics'.

I don't Believe in Party Politics; for the reason
that no matter what the Party, they turn out the same.

If we want Honest Governing; then we want a
Change; "not Some things"; But Complet Change.
Find all the loop holes; all the Laws that have to be
Changed; also the ones yet to be made.

I know it is a big order But if it is not done so
we will ever regret it.

Where is all the money the Country has produced in
the last few years?!! How much has been spent on the
National debt?!! Do you see where we are headed?!!
Down the Road to be Governed by the Fed, of A.

What is their Policy?!! They have gone into Dictatorship
for the last few Years they have Creamed Canada; and
our Governing Powers agree with them.

Canada is my Country; It used to be a Humanitarian
Country; but the seducing of Party Politics got to us
matter Now will government jobs wear down; when
the Government Changed all personell was changed; to the
detriment of these jobs

There is little use in a change that is not
complet and to the point?

We the People should have the say as to
what is to be done & not by the Politition
we have to pay the Cost as we are the tax
payer. ?/4

Jean Cretien left us with a shortage of money
and Blockages in governing; I know that this is
really no problem; If we completely change governing
I think a job, badly in need of all Canadians;
And I am positive; "There is a way" and we should
take it now; while the people are up in arms re the
unjust practices of our governments.

When they privatize; it is so they don't have to straighten
out a problem; in other words they are shirking their
duties!! Then to hand it over to other countries only
costs the Canadian Citizens more money.

There is so much more that can be brought up; but
let that be left to the platform makers;

You don't require great minds to lay out a
platform of do's & don'ts, all you require are the laws #1
"A school kid could even do it."

Right is Right; make sound laws with no get around.
And I'm sure you will find it harder to get a
pensioner than ever before; His wage will likely
be the answer; but no more two year service for a life
pension; The ones on there should be reclaimed till age
65 years the same as most of the 60 Chs.

I will still be working on the Dominion government
changing their laws; as I am not satisfied to pay &
keep paying & receive little help.

Time to Change

Sincerely John Middlemass
