The Citizens Assembly for Electoral Reform
<http://www.citizensassembly.bc.ca>
Via email

This is a submission on electoral reform from our party.

All Nations Party of BC encourages the Citizens Assembly to take the initiative to ensure an Aboriginal voice in the Legislature. We support a Mixed Member Proportional representation model for the election of the Legislature of British Columbia. Within this structure we recommend there be four Single Member Plurality Aboriginal Electoral Districts.

There have only been two Native Indian MLAs since BC joined Confederation. And now there are many important issues facing British Columbia that require the accommodation of Aboriginal rights and title. We must have Aboriginal MLAs speaking on the floor of the Legislature and in committee when legislation is drafted, debated and enacted.

Please give this idea your careful consideration.

Don Moses
