Sicamous BC VCE 200

Citizen's Assembly

I want a voting system that would have the numbers of seats ~~would~~ reflect the ~~a~~ percentage of votes, so that never again would a party win all but 2 seats with only a 57% majority. What we have now is so wrong, it's given Mr Campbell a virtual dictatorship. I hope ~~the~~^a change can come soon, before all of BC is sold (controlled) by the "private sector" (Mr Campbell's own special interest group)
